Profile: It was a modest beginning. The year was 1999. The beginning was in a tiny plant in Kumbolgudu Industrial Area, a small industrial town located 28 kms from Bangalore.

Two Products, three customers - all multiplied manifold with a burning desire to succeed. The desire was fuelled by a clear focus on what the organisation was going to offer its customers, big or small: superior quality and unmatched service. And today, we are racing ahead as acknowledged leaders in the field.

PRAGATI BIOCARE PVT LTD has built up a reputation for excellence on the foundations with professionalism at work and a constantly expanding product portfolio.

A dynamic, professional team of directors, which constantly focuses on consumers' needs and keeps abreast of leading-edge trends, leads the Pragati group, engaged in the continuous attempt to break new ground and unearth fresh solutions. The company is further strengthened by able and experienced managers lead well qualified personnel and trained workers.

The company is further augmented with the co-manufacturers where the products are manufactured on contract basis. This further prop ups the capacity to handle bulk orders and resolve as per the market demands and

also ensures the timely delivery.

Pragati group operates it's business activities in various divisions.

- Bio Pharmaceutical Division
- Animal Nutrition Division
- Plant nutrition Division
- Herbs & Botanical Extracts Division (Export & Domestic trading)

Services: Manufacturers and marketing of nutraceutical and biological products for human, veterinary and plants.
